TECHNICAL SKILLS

Node.js, AWS (Certified), React, Redux, Docker, Angular, Java, Spring, GraphQL, Kafka, Jasmine, Mocha/Chai, Postgres, Sequelize, SQL, HTML/CSS

EXPERIENCE

Software Engineer | Cedrus Digital *May 2018 – Present*

- Created GraphQL API with AWS Appsync to interact with microservices
- Implemented Apache Kafka to increase data durability and throughput of microservice architecture
- Wrote Node.js scripts to leverage AWS DMS in migrating data from Oracle DB to AWS DynamoDB and MySQL RDS
- Overhauled Angular frontend to conform to best practices (submodules, lazy loading, reusable components)

Lead Bootcamp Prep Instructor | Fullstack Academy *March 2018 – March 2019*

- Developed beginner/intermediate Javascript curriculum including recursion, higher order functions, and passed-by-value vs. passed-by-reference
- Taught classes of 10-35+ students alone and with co-teacher

Software Engineer - Contract | Hello Fresh *April – May 2018*

- Wrote custom Javascript functionality for Product and Customer insights team

Digital Assistant Editor | W.W. Norton and Company *Sept 2015 – June 2017*

- Utilized HTML to create and manage InQuizitive proprietary testing software
- Edited questions and images in SmartWork 5 proprietary testing software

Quality Assurance Engineer | Jobdiva Inc. *Jan 2013 - July 2014*

- Tested new features and bug fixes in conjunction with engineering team
- Wrote documentation for new and existing features of JobDiva recruiting platform

EDUCATION

Amazon Web Services - Certified Cloud Practitioner
Demonstrated overall understanding of AWS Cloud Services

Fullstack Academy of Code
17-week full stack Javascript web development immersive program

Tulane University
B.A. English and Medieval Studies, cum laude
